# NiCed Catalog

2012

Listing of models not in the Casket Work catalog

Annually, Reaper Miniatures removes a selection of the slowest selling models from the Casket Works product catalog. When this happens, distribution no longer will carry the removed items. However, this does not mean that you can't get these models directly from Reaper Miniatures.

The term OOP (Out Of Production) does not apply so we call these items NiCed or Not in Catalog.

This catalog is a listing of the models no longer appearing in Casket Works.
